10/13

*Cenchrus brownii* R+S. Nov. 13  
In Allard's lawn

13301

10/13

13302

*Ischaemum chloris inflata* Link.  
In Allard's lawn

10/13

13303

*Paspalum propinquum* Nash  
Allard's garden

10/13

13304

*Carex Kyllinga brevifolia* Retz.  
Allard's lawn at

leaking spigot. 10/13

13305

*Marsippospermum compressum* (Swartz) Deam.  
*Antennaria furcata*  
Allard's lawn

11/13

13306

*Paspalum conjugatum* Bergius  
Allard's lawn

10/13

13307

various at near  
Embassy. 11/13

*Bouteloua heterostega* (Trin.) Griffiths

woody vine, pinkish  
bl. in <sup>lawn</sup> embassy lot

13308

10/13

*Mesochorus repens*  
(Jacq.) Miers

13309

Purple fl. legume  
in lot west of U.S. Embassy

10/13

*Centrosema plumieri* (Tuck.) Benth.

13309a

13310

Yellow fl. legume  
spring aromatic. Composite

*Pectis elongata* HBK.

*Centrosema virginianum* (L.) Benth. 10/13

13311

Small flowered shrub  
very fragrant; Ruth says  
is sold in market and called filice.  
Abasco Roadside near embassy lot.  
10/13

*Lomocathartes* Poit.

13312

Small, white fl. *Diodia*,  
with 13308. 10/13  
*Borreria laevis* (Lam.) Griseb.

13313

Prostrate legume;  
Small yellow fl. 10/13  
in waste lot just west of  
U.S. Embassy. Dry, rocky soil.

*Stylosanthes*  
*maritima* (L.) Thunb.

13314

Compositae. fls. mainly  
white, purple in throat  
with 13313 10/13

*Lomocathartes dissecta* (Jacq.) Pursh

woody vine; fl. white  
I think that just west of U, S. Embassy,  
10/13

13315  
1 *Echites umbellata* Jacq.

13316  
yellow flowered shrub  
with 13315 10/13

*Stigmaphyllon lingulatum* (Poir.) Small

13317  
" Lilac flowers - large <sup>malia</sup> <sup>acedard</sup> <sup>x.</sup>  
shrub - very fragrant  
" Ruth says it is sold in market  
and called lilac. 11/13

13318  
" Shrub, crimson fl.  
Roadside near Embassy,  
very attractive; fl. corymbose,  
10/13

13319  
" Yellow and orange  
alternant herba; in lot near  
Embassy. 11/13 <sup>Hamelia</sup> <sup>crucifera</sup> <sup>Jacq.</sup>  
*Verbena camara* Y.

13320  
Near Jam entrance on  
Smart Highway, small blue  
Ipomoea - fl. on long peduncles,  
and very beautiful 11/14  
*Jaquemontia*  
*pentantha* Jacq. 19. Don

13321  
" *Diodia* - fl. white  
at Piedra Blanca 10/14  
common weed.  
*Borreria laevis* (Lam.) Griseb.

Cyperus - small by roadside  
at Piedra Blanca.

13322  
10/14 *Cyperus compressus* Y.

13323  
" *Cuscuta*  
*globoza* <sup>South</sup>  
Cuscuta  
On all  
vegetation everywhere,  
stems yellow; full bloom.  
Piedra Blanca. 10/14

13324  
" Grass. on bank of  
Piedra Blanca beside road.  
*Paspalum paniculatum* Y. 10/14

13325  
" *Paspalum plicatulum* Michx.  
Roadside at Piedra Blanca  
where Howard crosses Doubler  
prop. at bridge. 10/14

13326  
" Yellow composite  
near bridge at Piedra Blanca  
11/14 *Wedelia trilobata* (L.) Hitchc.

13327  
" Reddish soft spiny fruit.  
Bixa. Piedra Blanca  
10/14 *Bixa orellana* L.

13328  
" Tall composite, fl. small  
white, like an in State  
3 ft tall 10/14  
*Elephantopus mollis*  
N.S.K.

Red flowered legume near  
tobacco at Piedra Blanca  
13329 across from bridge

1 10/14 Indigofera  
mucronata Spreng.

13330 Tall shrub or stem  
very prickly, mimosa-fl,  
white. Near bridge at Piedra  
Blanca 10/14 Mimosa  
ceratonia L.

13331 Tall grass  
10-12 feet tall almost  
climbing. with 13330 Olyra  
latifolia L. 10/14

13332 In Sunda - climbing to tops  
with 13330 tall trees,  
Fevillea cordifolia L. 10/14

13333 Grass - Pramboo  
with 13330 - highly  
climbing in thickets 10/14  
Lasiacis ligulata W. & C.

13334 Shrub with tiny  
white flowers. 10/14  
with 13330 Ocimum gratissimum  
L.

13335 Shrub with white fl.  
Native word = Garaguery  
Leaves steeped for tea for coughs  
Eupatorium odoratum L. 10/14

Sedge - Scleria  
4-6 ft. thickets  
near 13330 10/14

13336 Scleria pterota Presl

13337 Yucca in flower  
at Piedra Blanca  
10/14 Mani hot  
~~utilissima~~ Pohl  
utilissima

13338 Mill. Large scarlet pea  
blossoms - legume, in  
thicket on Smarte Highway at  
K.70 C.T. a high climbing  
vine and very showy

13339 Sedge in water in ditch  
near 13338 - 3-4 ft. 11/14  
Fuirena  
umbellata  
Rottb.

13340 White flowered shrub  
at K.67 C.T. Smarte highway.  
15-20 feet 11/14  
Heterotrichum  
umbellatum  
(Mill.) Lamb.

13341 Paspalum breve Chase  
In allard's lawn; very small  
10/15

13342 Aristida  
In allard's lawn  
clumps. 11/15  
Paspalum rupastrum Trin.  
Det 1. coll. from Dan. Rap. bofue.  
Bouteloua  
americana (L.)  
Scribn.

Paspalum  
In Allard's lawn  
11/15  
13343 Paspalum plicatulum Michx.

13341 Aponopus furcatus (Flüggé)  
Common in Allard's lawn  
" Aponopus compressus 11/15  
(Swartz) Beauv.

13344a Digitaria sanguinalis (L.) Scop.  
13345 Grass  
In Allard's lawn 11/15  
Sporobolus indicus (L.) R.Br.

13346 Grass - Paspalum  
Paspalum  
On limestone outcrop at  
blodgettii  
Chapm. ruins of old house west of  
Allard's. Thin, sterile soil.  
11/15

13347  
" Eragrostis  
ciliaris  
Grass with 13346 10/15  
Eragrostis ciliaris var. lapa  
with 13346 11/15

13348  
Digitaria  
with 13346 11/15  
Digitaria  
Sanguinalis (L.) Scop

13349  
Yellow fl.; legume; shrub  
with 13346 11/15  
Cordia occidentalis L.

Shrub; glandular bearing  
with pubescence; flowers stalked,  
branched ~~...~~ Fl. small  
dark red.

13350  
I Tatropha gossypifolia L. 11/15

13351 <sup>Ipomoea polyantha</sup> <sup>R.Br.</sup>  
Large yellow, campanulate fl;  
leaf like margin, glaucous  
Fl. many, compound, very showy.  
High climbing herbaceous vine  
In thickets in waste ground just off Allard's  
11/15

13352 Legume, tree with big pods  
only. Near 13351 11/15  
" Albizzia labrec (L.) Benth.

13353 white flowered Eupatorium  
with 13351, 11/15 5-6 ft tall  
Eupatorium odoratum L.

13354 white fl., shrub  
with 13351 11/15  
Cordia globosa (Jacq) Wt.

13355 Shrub; white flowers (small)  
in stender spikes.  
Near 13351 11/15  
Heliotropium parviflorum L.

13356 yellow flowered shrub  
with 13351 11/15  
Corchorus siliquosus L.

Grass - 6-8 ft tall in  
clump, dry waste ground  
thicket east of Allard's.  
11/15

13357  
I Panicum  
purpurascens Raddi

13358 Vine, leaves with winged  
petioles, ipomoea-like,  
fl large, yellow, a very  
attractive herb, with its yellow  
flowers. 11/15

13359 woody vine, 20 feet; just  
in flower, white,  
near 13357. 11/15

13360 Grass 6-7 ft tall  
clump. Near 13357 11/15

13361 High climbing legume,  
fl. small, purple  
with 13357 11/15

13362 Yellow fl. shrub, a  
legume. Near 13357 11/15

13363 Fungus tree on property near  
bank of Allard's. Flowers white,  
2 1/2 - 3 in long, pendent. Stamens  
5 or longer, alternating  
with this, short. 11/15 Full flower

Prostrate, Euphorbiaceae  
small leaves; in thin soil  
on limestone near ruins.

13364  
Chamaesyce prostrata (L.) Small  
11/16

13365 Prostrate legume with  
purplish flowers, near 13364  
in thin soil on limestone  
outcrop of same old beach line.  
11/16  
algosicarpus vaginalis (L.) DC.

13366 Vine with palmately, cut  
leaves, like a medusa, and  
marking glaucous. Fl. with white limb,  
purple within. Near 13364 11/16  
Ipomoea dissecta (Jacq.) Pursh

13367 Tree, gray bark. Fruit  
elongate, pointed, 20-30  
ft. tall. Fruit green, smooth, one  
large seed. nat. size  
11/16

13368 "Andira jamaicensis  
(L. Wright) Urb.  
Small, yellow composite in  
Allard's lawn. 11/16  
Chrysanthellum  
Americana (L.) Kuntze

13369 Oxalis. Edge of Allard's  
lawn 11/16  
Fl. yellow  
nat. size  
Oxalis rugosa Thunb.

13370 Shrub - 10-15 ft. Berry or  
drupe ripe, elongate, purple,  
pinkish, soft, juicy flesh, milky.  
Tastes like and as stringy as our cherry  
cherries. One stone inside. Eaten by  
children 11/16  
Chrysothellum disciforme Lag  
in, Tupper Am.

Turtif tree - Anapola.  
Immortal stranger; Africa trop.  
13371 *Platanus* 3m or more tall,  
orange red. tree in full  
bloom, very showy now. <sup>ok</sup>  
= *Spathodea campanulata* Beauv.

13372 Very tall tree. Near Allards 11/16  
Tree, 20-30 ft. Fruit a drupe  
in panicles, green, one seed  
tastes like turpentine. Called gum  
tree. Near Allards 11/16

13373 *Bursera simaruba* (L.) <sup>Sw.</sup> <sub>Winn.</sub> 11/16  
*Pityrogramma calomelanos* (L.) Link  
Tree, arising from  
immature rock near  
Allards; on old shore line. 11/16

13374 Fern resembles shield  
fern. Near 13373 11/16  
*Pteris longifolia* L.

13375 Shrub with small purple  
flowers. Thickets in waste ground  
east of Allards. 11/16  
*Melochia pyramidata* L.

13376 Composite - small yellow  
fl; very spicy aromatic  
waste land east of Allards.  
*Pectis elongata* W.P.B. 11/16

13377 <sup>tree grass</sup>  
Tree with leaves as long  
stalks; fl yellow in slender  
peduncles - waste ground east of  
Allards. *Carica papaya* L. 11/16

Shrub. Fl. small, white  
waste land east of Allards

13378 11/16  
*Melochia nodiflora* Swartz

13379 Shrub. 6-8 ft, fl yellow  
Stems surfy. Near 13378  
*Carchorus*  
*virscens* L. 11/16

13380 Shrub, fl. white  
Near 13378 11/16  
*Capriaria biflora* L.

13381 Shrub - flowers small,  
yellow. Near 13378  
*Wathecia*  
*americana* Y. 11/16

13382 Shrub 8-10 ft; fl. red  
Fruit globose, pubescent  
11/16 *Sampda rosea*  
*Sims*

13383 Small fl. shrub; fl.  
white 6-7 ft. Near 13378  
*Cordia*  
*globosa* Aubl. 11/16

13384 Shrub 8-10 ft fl 1/2 in <sup>Bidiera</sup>  
arous, white, many stamens <sup>Gujava</sup>  
Fruit 1/2 inch in dia. globose. Iron  
hard, many seeded, green, <sup>inferior</sup>  
11/16

Legume - shrub; fl. yellow  
Beside road toward air part.

13385 *Cassia crista* Jacq. 11/17  
||

13386 Herbaceous vine, morning glory  
like flower, 1-1/2 inches across  
filaments densely clustered, very  
vivid yellow, beautiful, 11/17  
||| Near 13385 *Ipomoea polyanthus* A.B.

13387 White flowered vine, herbaceous  
like a morning glory, flowers  
one inch across; calyx very heavy  
with 13385 leaves palmately divided, 11/17  
|| *Ipomoea aegyptia* L.

13388 Blue *Ipomoea*  
Roadside near 13385, 11/17  
*Ipomoea cathartica* Poir.

13389 Tall shrub or tree, legume;  
fl. yellow in waste  
lot S, E of allards on road  
to airport 11/17  
*Cassia crista* Jacq.

13390 Tall grass, 4-5 ft 11/17  
Near 13389  
*Panicum maximum* Jacq.

13391 Herb; flowers purplish. 11/17  
Near 13389  
*Douglas prismatica* (L.) S. Wats

*Ipomoea*, fl. purple,  
near air part, ad S, W of  
allards.

13392 11/17  
*Ipomoea tiliacea* (Willd) Choisy

13393 Herb, yellowish fl. 11/17  
Near 13392  
*Acalypha chamadriifolia* (Lam) Muell. Arg.

13394 Malsaceae; yellow fl 11/17  
*Sida cordifolia* L.

13395 Grass 4-5 feet tall 11/17  
Near 13392  
*Pennisetum purpureum* Schum.

13396 Shrub; yellow fl legume 11/17  
Near 13392  
*Cassia occidentalis* L.

13397 White fl, mallon 11/17  
shrub; fl small  
Near 13392  
*Wissahuta contracta* (L.) R. E. Fries

13398 Shrub; fl. small yellow. 11/17  
Near 13392  
*Triumfetta Lappula* L.

shrub; fl. white  
Near airport, waste land.  
11/17  
13399  
" *Sida glomerata* Cav.

13400 shrub; fl. <sup>Melochia</sup> *modiflora* Seem.  
" luteous; petals with pink  
stripes within.  
11/17 Near 13399

13401 Grass.  
Near 13399 *Digitaria horizontalis*  
Willd.  
11/17

13402 Prostrate to herb, 2-3 ft  
spread; white fl.  
Near 13399 11/17  
*Ruellia strepera* maxima (L.) Wright var.

13403 shrub; yellow fl.  
Near 13399  
*Triumfetta semitriloba* L. 11/17

13404 Grass in clump  
2-3 ft; near 13399  
11/17 *Panicum maximum* Jacq.

13405 Grass near 13399  
11/17  
" *Panicum fasciculatum* L.

tiny yellow composite  
in Howard Allard's barn  
11/18  
13406  
" *Pectis domingensis* Nut. ex Cham.

13407 Prostrate chickweed like  
flower; fl. white in Allard's  
barn. 11/18  
" *Evolvulus humularius* L.

13408 yellow flowered shrub  
toward airport, near  
ground N.W. of Allard's. Thin, poor  
soil on rock, coral, open outcrops  
11/18 *Turnera ulmifolia* L.

13450

Yellow flowered; mallow  
family, shrub. Near 13433 11/19

*Pavonia sprifex* (L) Cav.

13451

*Lasiacis*, woody grass,  
scrambling 6-8' fl. more  
over shrubby. Near 11/19  
*Lasiacis diaricata* (L.) Hitchc. (ok)

13452

Grass; tall.  
Near 13433 11/19

*Lasiacis sorghoidea* (Desv.) Hitchc.

13453

Semi tree plant; fl. white  
Near 13433 11/19

*Mimosa pudica* L.

13454

*Commelina elegans* HBK  
Near 13433 11/19

Yellow flowered composite,  
small fl. Near 13433

13455

11/19  
no specimen!

13456

shrub; fl. white  
Near 13433 11/19

*Sida jamaicensis* L.

13457

Grass; Digitaria-like.  
Near 13433 11/19

*Axonopus compressus* (Sw.) Beauv.

13458

Shrub; fl. white, tendril  
in early leaf stage.  
Near 13433 11/19

*Gouania polygama* (Jacq.) Wt.

13459

Delicate, herbaceous vine;  
fl. tiny, white; pod inflated,  
3 angled. Near 13433 11/19

*Cardiospermum microcarpum* HBK.

13460

*Bidens*; fl. yellow  
Near 13433 11/19

*Bidens cynosii* Julian HBK.

13461

*Scleria* Lithosperma  
Near 13433 11/19

Tall shrubby fruit in racemes  
like *Prunus virginiana* fr.

13462

U.S. Zones entire; fruit  
reddening. Near 13433 11/19

*Citharexylum fruticosum* L.

13463

Grass  
Near 13433 11/19

||

*Lasialis grisebachii* (Nash) Hitch.

13464

Scrambling, tall  
woody grass fascicled.  
Near 13433 11/19

*Lasialis divaricata* (L.) Hitch.

13465

Legume, *Crotalaria*-like  
flower, or *Centrosema*;  
fl. purple. Near 13433 11/19

*Centrosema virginianum* (L.) Benth.

13466

*Bidens*; rays slender,  
in thickets east of Allards  
11/19

*Bidens pilosa* L. *radiata* Schult.

13467

Small flowered vine  
legume. fl. purple.  
with 13466 11/19

*Galactia striata* (Jacq.) Wt.

13468

Shrub; *Eupatorium*  
fl. white. Near 13466 11/19

*Eupatorium odoratum* L.

Euphorbia; herb.  
Near 13466. 11/19

13469

*Poinsettia cyathophora* (Pursh) Holzner

13470

*Bidens*; rays white. 11/19  
Near 13466

*Bidens pilosa* L. var. *radiata* Schrad.

13471

*Annona reticulata* L. 11/19

||

Large tree; fruit green,  
large as apples. Near 13466

13472

White flowered woody vine;  
loaded with green clustered  
drupes; some ripe purple.  
Near 13466. 11/19

*Jasminum  
arborescens* L.

13473

Shrub, with large leaves  
*Erythrina* with 3 large leaflets. No  
*bestrocana* fl. or fruit. Near 13466 11/19  
Wb.

13474

*Gossypium*; tall -  
12-15 ft; fl. cream, turning  
*barbense* red. Near 13466 11/19  
1 (shrub)

13475

*Geranium*-like fl.; showy  
purple. Large halberd-shaped  
with reddish blotches along midrib.  
Near 13466 11/19

MH

*Ardea herodias*  
Cav.

Small, white - pomoea-like  
suberose vine with leaves palmately  
divided. Near 13466. 11/19

13476

I *Ipomoea quinquefolia* L.

13477

Shrub; fl. white, small  
in dense spikes. Near 13466  
11/19

||

*Heliotropium parviflorum* L.

13478

*Commelina elegans* Wt.  
Near 13466. 11/19

13479

*Canna*; fl. red, small.  
Near 13466. 11/19  
I *Canna coccinea* Mill.

13480

*Crotalaria* <sup>retusa</sup> L.; 2-3 ft; herb.  
|| fl. showy, yellow and  
reddish purple. Near 13466 11/19

13481

In heavily shaded  
ravine beyond grove of large  
rubber trees (Woodrich) at  
Piedra Blanca. fl. red; a 1/20  
large, cone-shaped inflorescence  
shrub - 8-12 ft high *Croton cylindricus* Jacq.

13482

shrub; yellow fl. on  
trail near 1348 to station above,  
11/20  
*Triumfetta semitriloba* L.

Climbing shrub; legume - long, narrow scarlet flowers; very attractive. Near 13482  
13483 on trail 11/20  
*Barberia pinnata* (Poe) Baill.

13484 Orchid - in ravine near 13481; in bud 11/20  
*Habenaria alata* Hook  
near gorge of large Goodrich rubber trees.

13485 Red flowered shrub from Puerto Rico, introduced by *Combretum grandiflorum* at Prof. station, Piedra Blanca near house of Señor Miolan. 11/20

13486 *Bauhinia grandiflora* low shrubby. Near 13485 11/20  
*Bauhinia tomentosa* L.

13487 In ravine near Goodrich rubber gorge at Piedra Blanca 11/20  
*Polypodium phyllitidis* L.

13488 Tree fern in ravine with 13487 - 7-8 feet tall. Tip of fronds, middle pinnae and base with stipe - prickly. *Cyathea hieronymi* Brause 11/20

13489 Ravine - on soil 11/20 with 13488  
*Mavegrania rectiflora* Fr. & Planch

Tree climbing plant in ravine with 13487; on smooth trunks climbing to 10-15 feet. 11/20  
13490

13491 On tree trunk in ravine with 13487 11/20  
*Asplenium pseudoerectum* Hieron.

13492 Fern in ravine with 13487 11/20  
*Lomariopsis sorbifolia* (L) Fee

13493 Grass in ravine near rubber gorge (Goodrich) at Piedra Blanca 11/20  
*Ichnanthus pallens* (Swartz) Munro.

13494 Grass with 13493 11/20

13495 Shrub in ravine with 13493 - 8-10 ft 1 fruit purple 11/20  
*Psychotria brachyata* Swartz

13496 Kudzu at rubber propagation station near Goodrich rubber gorge. 11/20  
*Pachyrhizus erosus* (L) Walp. var. *typica* Chase

Composite - Erechites, white fl.,  
needs my rubber prot. gardenia,  
at Piedra Blanca. 11/20  
13497  
Erechites hieracifolia Raf.

13498 Near 13497 11/20  
Diectomis fastigiata (Swms) Nash.

13499 Molasses grass,  
very beautiful rose pink on  
hillsides everywhere. dent. Full bloom,  
Melinis minutiflora Swms. 11/20

13500 Near Piedra Blanca on  
Quarte highway. 11/20

13501 Shrub; white flowered  
leaves rough. On Quarte  
highway at K. 33 C.T. 11/20

13502 Andropogon, with very  
leaves on cliffs near K. 33 C.T.  
11/20

13503 Shrub, fl. purple  
Near 13502 11/20

Andropogon on  
bank on Quarte highway  
near K. 33 C.T. 11/20  
13504

13505 Andropogon  
with 13504 11/20

13506 Cyperaceae, with  
13504 11/20

13507 with 13504 11/20

13508 Herb; reddish or purplish  
fl. with 13504 11/20

13509 Diodia; prostrate,  
fl. white on bank  
with 13504 11/20

13510 Herbaceous with  
white, capitulate inflorescence  
with 13504 11/20

Shrub, fl. in terminal  
panicle, yellow, showy.  
13511 On waste highway at H 33 C.T.  
1/20 Attractive

13512 Cyperus.  
with 13511 1/20

13513 White fl.; small leaves.  
Near 13511 1/20

13514 Grass.  
at rubber prof. station  
near Modrich rubber guse  
at Piedra Blanca 1/20

13515 Grass  
with 13514 1/20

13516 Spider flower  
In waste ground just east  
of Allard's 1/21

13517 Crimson fl. Bougainvillea  
at U.S. Embassy  
(ornamental)  
Very showy 1/21

grass in waste ground in  
wastelot next to U.S. Embassy 1/21

13518  
mossy

13519 Thence purple; berry green,  
Near 13518 1/21

13520 Reddish brown berries  
on tree. Near 13518 1/21

13521 Small herbaceous  
Poinsettia; bracts crimson  
ornamental in states 1/21 with 13518

13522 Grass, Fasciatis  
scrambling over shrubs;  
woody. with 13518 1/21 small

13523 Climbing legume, yellow  
flowers; with 13518 1/21

13524 Orange or lemon scented  
herbaceous plant; fl. yellow  
small. with 13518 1/21

Herbaceous climbing vine  
with small white morning glory-like  
flowers. In vacant lot near

13525 with sprouts and needs next to  
U.S. Embassy 11/21

13526 *Centrosema* 12

Flowers white, with purple striped  
standard; climbing over shrubs etc.,  
with 13525 11/21

13527 Vine, herbaceous scrambling  
over shrubs; fl. white like  
morning glory; leaves palmately  
divided. with 13525 11/21

13528 <sup>Vine</sup> woody scrambler; flowers  
deep pink, or on some plants  
pale pink or white. Embassy  
lot with 13525 11/21

13529 *Commersonia*; fl. blue.  
On Allard's lawn 11/21

13530 On Allard's lawn  
near 13529 11/21  
*Hibiscus* - shrub  
fls orange-red

13531 *Hibiscus* <sup>rose</sup> pink.  
Allard's shrub. 11/21

*Hibiscus* shrub - peach  
flowered. Allard's 11/21

13532

13533 *Hibiscus* - shrub  
*Cinnamomum*. Allard's 11/21

13534 *Sporocarpium* 11/21

13535 *Vinca* like plant,  
white fl. Allard's 11/21

13536 *Vinca* like flowers  
as in 13535 except  
flowers are pink. Allard's  
11/21

13537 Allard's flower border -  
Composite - *Gaillardia* 11/21

13538 *Agrostis*  
Allard's lawn  
11/21

*Danthonia* - grass,  
Allards lane 11/21

13539

6-8 ft. bushes.  
Near 14115, Dec. 17

14122 Celosia - fl. orange -  
In yard of peon. -  
An ornamental. Dec. 17

14123 Celosia - fl. deep rose,  
purple; in same yard with  
14122; near 14115 Dec. 17  
ornamental

14124 Cassia alata,  
Flowers in dense massive panicles;  
8-10 ft. shrub. with 14122.  
Dec. 17 ornamental

14125 Composite, shrubby -  
5 ft. showy, flowers orange red.  
ornamental. In yard with 14122  
Dec. 17

14126  
Moss, in crevices of weathered  
caliche soil and outcropping rock.  
Near 14115 Dec. 17

Prostrate - creeping over crevices  
of outcropping caliche rocks  
14127 N.W. of Allard's near airport.  
Dec. 17

14128 Prostrate growing  
near 14127, Dec. 17  
on caliche rocks,

14129 Creeping on caliche  
rocks - near 14127:  
Dec. 17

14130 Creeping over outcropping  
caliche or coral rock.  
Near 14127 Dec. 17

14131 Creeping over caliche rock  
near 14127. Dec. 17 fl. white

14132 white flowered shrub - 8-10 ft  
Near 14127 Dec. 17

14133 Solanum: fruit small,  
crimson; fl whitish;  
on pure caliche - rooting in  
cracks and holes. Near 14127  
Dec. 17

Legume - fl. yellow -  
shrub 8-10 ft. Near 14127  
14134 Dec. 17

14135 Aeschylus - fl. white -  
Herb. Near 14127  
Dec. 17

14136 Vine 10-15 ft; fl. white,  
fragrant. Near 14127  
Dec. 17

14137 Phaseolus; fl. blue-purple,  
climbing, twining  
Near 14127. Dec. 17

14138 woody vine, scrambler -  
fl. greenish. Near 14127  
Dec. 17

14139 Centrosema; fl. white, showy,  
with fine purple lines, near  
center of standard. High climbing,  
very common, showy. Near 14127  
Dec. 17

14140 Malvaceae  
shrub, 6-7 ft.  
Tide line or more across  
Near 14127 Dec. 17

woody, prostrate; fl lavender,  
tiny. In Allard's lawn.  
14141 Dec 17.

Big Helianthus-like fl -  
14142 Cult. is ornamental -  
shrubby. In old field west of  
Allard's near Avenida Bolivar, Dec. 18  
showy, yellow

14143 Grass roadside bank,  
prostrate, west of Allard's.  
Dec. 18

1100 ft. Dec. 19  
Near 14221

14223 On shaded bank; fl.  
pinkish. a reclining plant;  
fleshy. Near 14222  
Dec. 19

14224 Lycopodium trailing  
over steep bank near 14223  
= Lycopodium  
cernuum Dec. 19

Legumae, reclining; flowers  
purplish. At 10600 ft, at  
14225 La Cumbre, Dec. 19

14226 Shrub 8-10 ft; fl. white  
Near 14225  
Dec. 19

14227 Herb; fl. lavender,  
Near 14226. Dec. 19

14228 Cladonia - on damp  
shaded banks near 14226,  
when touched the paper squamules  
break off very easily. Dec. 19

14229 Herb, no flowers, low,  
trailing. Berry size of pea,  
a beautiful blue, attractive!  
Dec. 19

14230 Fern. On banks at La  
Cumbre pass, among the banks  
with beautiful herbage, graceful  
near. Near 14226. Dec. 19

14231 Grass  
Near 14230  
On banks. Dec. 19

Phytolacca. In mixed planting  
baranas, etc. on steep hillside  
14232 Fl. whitish - plant to 8-10 ft.  
racemes long, drooping, pointed;  
slender - at 1500 ft. Dec. 19.

14233 Palm - flowers - Allards -  
See # 13873; very fragrant - cream  
colored, stamens and pistil only; Dec 20.  
stamens variable - 6-7 to 10.  
Several flower structure

14234 Legume - tree 30-35 ft on  
Granida Balsas south of Allards -  
just coming into flower. Leaves once pinnate.  
Flowers in dense stiff clusters along the  
twigs, bouquet-like. Standard, keel, wings  
lanceolate, pinnate, with yellow at  
center of standard. Very showy. Dec. 20

14235 Legume, Stamens 9 + yellow  
tree 15-25 ft high  
Leaves twice pinnate or even  
3 times pinnate. fl. white,  
sterile.  
On waste lot in front of Allards  
slightly larger  
than most. High

Andropogon - at 200 ft near 14229  
on dry roadside bank. Dec 21 - 14236

14237 shrub - fl. purple  
2-3 ft. near 14236  
Dec. 21

14238 sedge - in damper  
spot near 14236  
Dec. 21

Andropogon. On dry bank  
near Hl. 39 Ciudad Trujillo -  
14239 on Duarte Highway. Dec. 21

Sedge. In slightly moist  
spot near 14239 Dec. 21  
14240

Tall shrub or small  
tree 10-15 ft tall. Fl. whitish  
14241 Near 14239  
Dec. 21

14242 Herb. Low shrub near  
14239 Dec. 21

14243 Labiateae - shrubby  
in pasture near 14239,  
Hl. 29, at 200 ft elevation.

14244 Grass with 14243 Dec. 21

14245 Grass with 14243 Dec. 21

Grass. with 14243  
Dec. 21

14246

shrub in same locality,  
dry, volcanic soil at 200 ft -  
14247 in pasture; fl. yellow  
Dec. 21

14248 Vine - maple-like  
bush - low. Near  
14247 Dec. 21

14249 sedge  
in moist spot in  
pasture near 14247 Dec. 21

14250 In moister spot  
with 14247 Dec. 21  
fl. pink.

14251 Herb.; fl. yellowish;  
in low, damp soil  
near 14247 Dec. 21

14252 Bracken fern: In  
dry, sterile rocky soil at  
edge of thicket on steep hillside  
at 400 ft Dec. 21

Shrub or small tree - 15-18  
feet pods winged, fl. greenish Dec. 21  
14253  In thickets in dry  
sterile rocky soil in pasture at  
400 feet near Hb. C. T. 29, Quartz  
Highway.

14254 Legume - fl. small, yellow -  
prostrate or reclining; Desmodium  
Near 14253 Dec. 21

14255 Shrubby; fl. white,  
Near 14253

14256 Composite, Climbing,  
scrambling 8-10 ft in  
dry thickets near 14253. fl. or heads  
whitish. Dec. 21. Stiff.  
Rare in region.

14257 High climbing woody vine;  
fl. large trumpet-shaped, deep purplish  
crimson - very showy, beautiful,  
large - helmet-shaped & here found, Dec. 21

14258 Herb: in damp soil in shaded  
deep ravine near 14257.  
Dec. 21

14259 Fern in log in bottom  
of ravine, deep and shaded,  
near 14258 Dec. 21

Fern, with 14259, Dec. 21  
growing in soil in  
14260 damp, deep shaded ravine

*Scleria*  
In low damp soil in ravine,  
14261 deep and shaded, near  
14259 Dec. 21

14262 ~~Damp~~ soil on hillside  
above 14261; fl. white  
In open pasture Dec. 21

14263 Sedge. In damp  
soil with 14262. Dec. 21

14264 Low, woody; fl. yellow;  
In same damp  
locality with 14262 Dec. 21

Herb plant  
14265 on dry, stony, sterile, grassy  
hillside near 600 ft, stems 12-15 in tall  
fls. showy, rose purple, pretty,  
Dec. 21

14266 Moist soil near 14262;  
fl. whitish. Dec. 21

Small, <sup>bluish</sup> trailing vine, puberulous  
with small, dead blue, <sup>tomato-like</sup>  
14267 flowers 3/4 in across -  
scrambling low over grasses etc.  
Very attractive. Prof. <sup>most</sup> Dec. 21  
found in this dry, stony pasture

14268 Andropogon. At top of  
dry rocky hill where a sunny  
tower with the Dominican flag  
stands. Dec. 21

14269 Bulbous plant, in dense  
clump (bulbs) fl stems 15-18 in high,  
with large, very showy, orchid-like  
deep purple flowers. few plants  
found. None not seen <sup>since</sup>  
before. Dec. 21 at 650 ft. <sup>near</sup>

14270 Andropogon - on dry hill top  
near 14269 at sunny tower.  
at 650 ft Dec. 21

14271 Sedge - side of the  
hill - in dry, sterile, rocky soil  
near 14269 Dec. 21.

14272 <sup>Peruvian</sup> ruberous plant,  
with white fl, near 14269  
Dec. 21.

14273 Flowers purple, low pasture  
near 14269 - in dry, rocky, sterile  
soil. Dec. 21

Herb. fl. yellowish  
near 14269 - Dec. 21

14274

Grass - in low pasture,  
dry. near 14269, Dec. 21

14275

Grass, low, filiform,  
near 14269. Dec. 21

14276

14277 Euphorbia - low, delicate  
in pasture - at 300-350 ft.  
at foot of hill with tower.  
fl. white Dec. 21

14278

Herb, pasture, fl. rose  
purple, low. Near 14277  
Dec. 21.

14279

Low shrub, fl. yellow  
near 14277. Dec. 21

14280

Herb, fl. rose purple  
in pasture near 14277  
Dec. 21

D. J. Ham

Low, prostrate herb;  
fl. yellow - at 300 ft - near  
14281 foot of hill at Kk, 29 - on  
Dante Highway - in dry, stony  
pasture, Dec. 21

14282 Shrub; fl. purple;  
In pasture near 14281  
Dec. 21

14283 Diodia-like plant;  
woose, stiff, reclining; fl. white  
Near 14281 Dec. 21

14284 Low, yellow branched  
or rayed composite; fl. small  
In pasture near highway  
at Kk. 29. Dec. 21

14285 Low almost prostrate  
shrub with scarlet berries, about  
the size of pear and prickly leaves,  
and small. Has appearance of highly  
woody stem near top of hill at  
14286 survey tower at 650 ft Dec. 21

14286 *Oplismenus* - grass in wet soil  
in deep ravine on slope north of  
survey tower. Dec. 21

14287 Fern on dry shale cliffs, roadside  
(below) approaching Colonia Ranfis -  
at 1400 - 1500 ft. Dec. 23

Lantana - fl. rose purple  
at Colonia Ranfis - roadside at  
14288 2000 ft. Dec. 23

Composite, roadside with 14287 -  
near 1500 ft., on bank; fl. pinkish  
14289 Lamiaceae, showing dense  
woose, rough, rugose, white beneath.  
Dec. 23.

14290 Fern, on dry cliffs near  
14287. Dec. 23

Andropogon - on dry bank  
14291 on roadside near 14287  
Dec. 23

sheath of large bamboo  
14292 taken at 4-5 nodes above  
ground; at 2400 ft. Clump of 30-35,  
35-40 ft. tall; av. of largest at  
3 ft. above ground - 13 in Dec. 23

14293 Shrub, prickly and  
stinging (no flowers).  
with 14292.  
Dec. 23

14294 Fern, in shade of  
banana planting, with 14292 -  
on soil. Dec. 23.

Fern, near Bamfoo clump  
14292, at 2400 ft; in shade  
14295 on soil, Dec, 23

Composite, white flowers  
In shade of bananas with 14292  
14296 Dec, 23

Sedge. In damp soil at 2300 ft  
west and below Colonia Ramfis, Pt.  
14297 Dec, 23

Tall herb - 6-7 ft,  
Near 14297. a composite;  
14298 not quite in flower,  
Dec, 23

Fern on dry banks near  
14299 14297 Dec, 23

Fern, in moist soil in ravine  
14300 at 2400 ft. west below Colonia  
Ramfis. Dec, 23

14301 Grass - In open near 14300  
Dec, 23.

On dry bank near 14300;  
fl. bluish. Dec, 23  
14302

Tree fern - stipe, basal, smooth,  
and apical pinnate. In deep, wooded,  
14303 shaded ravine (moist)  
at 2400 ft west of Colonia Ramfis.  
fronds 8-10 ft Dec, 23

14304 Tree fern - with 14303 -  
fronds 8-10 ft. Dec, 23.  
stipe very prickly -

Tree - 15-20 ft. with 14304.  
No flowers small purplish to  
14305 black. Dec, 23.

Small palm 4-5 ft. tall  
14306 in same ravine with  
14304. Dec, 23

*Kyllingia brevifolia* Rottb.  
14307 In moist soil ahead of  
ravine where 14304 grows. Dec, 23.

14308 Low shrub, in shaded  
ravine with 14306. Dec, 23.

Sweet potato in flower, flowers  
pale lavender, deep purple in throat  
and tube. In field at 2500 ft.  
14309 above Colonia Ramfis,  
Dec. 23  
very floriferous; flesh white, sweet.

14310 Composite - In old field  
near 14309, at 2500 ft.  
rays yellow = Sonchus Dec. 23

14311 Demoderm - trailing;  
near 14309; fl. purplish.  
Dec. 23

14312 Coleus - (Not in flower) very  
large colony, leaves deep purple-red,  
the midrib and veins bordered with  
crimson; very showy, beautiful.  
Dec. 23.

14313 Triplaris darwinii (L.) L.  
On mountainside, in clearing west of  
Colonia Ramfis at 2400 ft. Not ref. for  
Dec. 23

14314 Thistle - Gnaphalium fl.  
purple. At 2500 ft., above Colonia  
Ramfis. Dec. 23

14315 Proserpinaca like fern. On dry  
mountainside near 14314, in  
waste land at 2500 ft. Dec. 23.

Trailing legume; fl. pinkish  
in rose. Also waste ground  
at top of ridge above Colonia  
14316 Ramfis at 2500 ft.  
Dec. 23
